### Sanitec

Pozzi-Ginori fa parte di Sanitec, un gruppo europeo multibrand che progetta, produce e distribuisce ceramiche da bagno e prodotti bath and shower. Il Gruppo riunisce marchi molto conosciuti a livello locale, che hanno una posizione forte e radici profonde nel settore bagno, ed è uno dei leader europei nella fornitura di soluzioni per il bagno.

Sanitec conta circa 7.100 dipendenti, la maggior parte dei quali in Europa. I 18 stabilimenti produttivi sono dislocati sul territorio europeo, mentre la rete vendite e marketing opera a livello mondiale.

Pozzi-Ginori is a part of Sanitec, a European multi-brand group that designs, manufactures and markets bathroom ceramics and bath and shower products. The Group is based on locally well known brands, which have strong positions and deep roots in the bathroom business, and is well positioned as a leading European provider for bathroom solutions.

The Group employs around 7.100 people, mainly in Europe. The 18 production plants are located in Europe whereas the sales and marketing network operates world-wide.

Pozzi-Ginori è storia dell'arte e del design italiani della porcellana da bagno. Le sue origini risalgono al 1735, quando il marchese Carlo Ginori dette inizio, fra i primi in Europa, alla creazione di splendidi manufatti

in quel prezioso tipo di ceramica che allora era chiamato "l'oro bianco". La sua Manifattura di Doccia, a nord ovest di Firenze, divenne

fra le massime d'Europa.

Nel tempo, con la Ginori si fusero le altre manifatture ceramiche progressivamente sorte in Italia: prima quella di Giulio Richard, poi la Società Ceramica Italiana di Laveno, quindi la Pozzi.

Ognuna di queste, prima da sola, poi integrandosi alle altre, ha segnato le varie tappe della sapienza e della tecnologia italiane nella progettazione e nella realizzazione di prodotti sanitari in porcellana. Con l'iniziare e poi l'affermarsi dei metodi e della prassi dell'industrial design, fin dal 1918 grandi designer hanno contribuito a scandire tali tappe: Giò Ponti, Guido Andlovitz, lo studio Nizzoli, Giovanni Gariboldi, Antonia Campi, Gae Aulenti, Paolo Tilche, Matteo Thun, fra i più noti. Ed ora anche Antonio Citterio.

Entrata in Sanitec Group nel 1994, Pozzi-Ginori continua la sua grande tradizione con immutata costante capacità innovativa.

Pozzi-Ginori represents the history of Italian art and design in bathroom ceramics. Its origins date to 1735, when Marquess Carlo Ginori was one of the first people in Europe to begin manufacturing splendid objects in a precious grade of ceramics they used to call "white gold." His Doccia Factory northwest of Florence quickly became one of the largest in Europe.

Over time, Ginori merged with other ceramic manufacturers that progressively sprang up in Italy: first, there was Giulio Richard, then the Laveno Italian Ceramic Company, and finally Pozzi.

Each manufacturer began on its own, then merging with the others, as they established milestones in Italian technology and expertise in the design and creation of bathroom ceramic products.

As the methods and practices of industrial design originated and then asserted themselves, great designers have helped articulate various stages since 1918: Giò Ponti, Guido Andlovitz, the Nizzoli studio, Giovanni Gariboldi, Antonia Campi, Gae Aulenti, Paolo Tilche, and Matteo Thun are some of the better known ones. Now there is Antonio Citterio. After entering the Sanitec Group in 1994, Pozzi-Ginori has continued this grand tradition with its unchanging, constant capacity to innovate.
